You will need:

- Black cardstock paper
- Colourful tissue paper
- Scissors
- Craft glue

Cut out a round shape from black cardstock paper, fold in half, then fold in half again, and fold again for the third time. Then cut triangles, squares, semi circles or any shapes or patterns out. Unfold it. Then simply glue round the holes and stick on some cut out pieces of colourful tissue paper. Have fun creating patterns and sequences with the colours.

TOP TIP

Use some ribbon or blue tac to hang these as decorations.
